from it) because schiers attended. The writer that leaders about their behavior in this respect.

We do not know whether or not there are leading in Santa 16 who have made the express two days out of six, much of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time, even in their winter quarters; and some of the time. Factor which were atolen from his train near Fort Stanton some three weeks since. There is no doubt but if the Captain had bud timely notice of that robbing trausaction the males would have been recovered, for when he gets en the train of thieving reduction the sufference in the solders was performed when they were "doing not interest the solders are placed to be in ces, in all countries, for public worship in which two or three days together nearly all the them. all, rich and poor, high and low, bond and time. Little have we thought what our

Caur 30 IND. Cavatay, June, 15, 1864. REV. S. Gorgan: - Dear Ser - It is my and and painful duty to inform you of the we will advece "a some to be unearly lest his presence should prevent others from going. That is the best course for him to pursus.

We think that if he were in the church during the morning service last Sabbath be came to the conclusion that he was either misinformed or the protestant ladies of Santa Fe had suddenly and radically changed their mind upon the subject of which he wrote.

With those views and facts before him we do not think our correspondent will require of us an apology for not publishing his communication.

We would advect the sean sent ne word and I went to his persuant to the same sent ne word and I went to his persuant on the sould not severally the first of the last and two largest and no success with the fact of June has not vet not not sent had no success with the Indians, but have found on relative to his persuant and finends, and said "Total and the wrote.

With those views and facts before him we do not think our correspondent will require of us an apology for not publishing his communication. visits to the Church and not be uneasy lest his but he soon sent me word and I went to his

had a great many wounded and were fairing back, consequently we were very basy, but I gave my special care to Jacobs. He was buried near the field of action, to being impossible tor one to send him home. It was with deep feelings of great worse that I gazed upon his manify but sinking form, be gently laid for hand in mine and exclaimed "George, George,"—He saw that I know not well that we must soon forever pact. I could plainly trace the death marks upon less mobile brow, but discovered no signs of fear. He had no feers of death must know the restors of the grave. I sincerely trust that in leaving this world, what is our loss is Heaven's gain.

In a summer abovers have commenced and crass is growing finely. Our stock is doing exclinity well—the cattle are quite fat and good for beef.

I me, sie, very respectfully,

our loss is Heaven's gain.

We, one and all deepsy sympathize and mourn with you in your affliction. You have lost a dear son. We, a subdier and companion, a triend, true noble and brave. Whose we all allite moura his lose, our country ex-claims, "My noble and brave defender, where is he? Who will take his place? Who like him will push forward the great prin-ciples of justice, truth and liberty; who will guard my bunners in their onward march; who will help sustain the right of ry and from here will they carry with them freedom to all mankind, and who like him

Our acquaintance has lasted but on year and in that year well has he borne his part on many a hard contested field; in that year many a brave and noble example has he shown us, and in that year, sick or well, he was always ready to next in bloody conpredating Indians there in check. Gen. the has buried his affections; on the tablets Carleton is putting some of his best men of our memory he has written his name, and on the pages of the history of this war with musty theusands that have fallen, will ever shine his illustrious deeds. What he has belped to accomplish, if we are specessful to the end, will live in the principles of liberty and freedom through all coming time Lieut, Jaz C. Edgar is acting as recruit- Generations yet unborn will sustain his country, cherish his memory and preserve

We cannot speak to loudly in his praise. Our weak and feeble efforts to commente Dr. Bryan, Medical Director and Pur- rate his worthy deeds cannot do him jus-

G. W. SPAHR.

Five thousand sheep Re-captured,

Capt H. A. Greene, Cal. Vals., in command of Fort M'Ras on the Jornala del gust riving information of the capture of the sheep which a few weeks ago were stoien by the Apaches near Auton Chico says:

Pursuant to information received from you per special Express, dated 11th inst., I mounted one officer and differn men and proceeded in search of the Indians who had been committing depredations. Other par-ties sent from this Pest at the same time At the battle of White Oak Swamp, Proceeding with my party I took an eas-From Fort Barrett [Casa Blanca] Pimes Village, A. T., to Tocson, A. T., via, Picacho Mountain, measured by Lieut. John B. Shinn, commanding Light Battery, "A" U. S. 54 Artiflery, 85,7 miles. In ten days after collisting he was in a tice been given I have no doubt but what

Carrain :- I have the honor to inform you that about two thirds of the mon of this com-mand, whose term is about to expire, desire to be discharged in New Muxico. Therefore, in a ordance with the instructions contained in the later of the General Commanding of the 2th about no harden and of Capt. Anderson, think doctors have been desired as the first of this desired and the first of the contained in

Los Prices upon the arrival of Capt, Anderson, I think about one hundred and forty or fifty of the mon will desire in return.

The Indians have become very scarce in this section—occasionally a few are seen but it is very scaled but they are mostly further south gathering the fruit of the pricily pear and cactus. Capt. Hargraves' command went in that direction in hopes of finding some of them.

I am, sir, very respectfully, EDWARD B. WILLIS. Maj. 1st Inft. Cal. Vols.,
